PREFACE

For the sixty-second time, the City Directory is delivered to its subscribers and patrons. In all respects it is the equal of any of its predecessors, and in some it is superior. It has received care and thought in its preparation and compilation and should come up to the rigid requirements of its users.

The canvassers, in their rounds, found that there were many less vacant houses than in the two past years, and there is a corresponding increase in the number of names returned and printed. The total number of names in this issue of the Directory is 76,359. Using $3\frac{1}{2}$ as a multiple, which is the one commonly employed by the Directory publishers, it would make the population of the city 274,256. These figures should be reduced somewhat for the reason that a considerable number of names are to be found in the directory of persons who do not reside in the city, who are engaged in business here, or are employed in such prominent and important places, that their names could not be left out, without impairing the thoroughness of the work. A liberal estimate of the number of this class would be 2000. Applying the multiple of $3\frac{1}{2}$ it would make 7000, leaving the population of the city, according to our estimate 267,256.

The City Map has been revised and corrected up to date. The new Park at Roseville is shown.

An apology is due our patrons for the flimsy character of the binding of the Directory of 1895. Precaution has been taken to prevent a recurrence of that kind.

FIDELITY TITLE & DEPOSIT COMPANY

Interest upon Daily Balances, Subject to Check at Sight.

Receives Deposits and Pays two (2) per cent.

Would you light a five cent cigar with a \$1,000 bill?

Or dissolve a \$5,000 pearl in a treat of beer with four friends?

Many spend fifty cents daily for these and other really needless things, do you?

Yet that little money would pay for \$10,000 at your death, if you are not over 37 years of age.

WHERE WE MAKE THE TEETH

Don't you think you have put off long enough having out those old teeth preparatory to having new ones made? The pleasant weather is here, and so are we with lots of pure, fresh gas, ready at any time you may call.

Why make a great fuss over having a few teeth out? You will be surprised to find what an easy job the gas makes of it in our hands. Our experience is long in years and great in the number of those who have safely taken it under our administration.
